

NEW PRODUCT RELEASE

PERMA1KOTE®

SINGLE COAT ROOF COATING

ELASTOMERIC ACRYLIC CERAMIC QUICK AND EASY ONE COAT APPLICATION

Sarasota, Florida, June 17th, 2011 - Nationwide Chemical Coating Mfrs. is proud to announce the introduction of another "Green Safe" product, PERMA1KOTE® low V.O.C. Roof Coating (less than 150 grams per liter). Designed to save both time and money, PERMA1KOTE® maximizes the roofer's efficiency, with a single coat application, yet still provides durable, long lasting protection.

PERMA1KOTE® is a Matte Finish, Bright White, Elastomeric Acrylic, Reflective, Insulating Ceramic, Waterproofing Protective, High Build One Coat Roof Coating. It is a water-based, high build formula that possesses waterproofing, insulating and soundproofing properties that beautifies, protects and extends the life of most any sloped roofing surface. PERMA1KOTE® also features excellent durability plus superior mildew and algae resistance. PERMA1KOTE® offers a 10 YEAR LIMITED MATERIAL WARRANTY.

PERMA1KOTE® is recommended for use on well draining, SLOPED roofing surfaces. It is excellent for use on weathered wood, shakes, plywood, clapboard, primed metal, galvanized, aluminum, tin, copper, asbestos, asphalt, urethane, polyester, primed Styrofoam, fiberglass, built-up-roofs, bonded roof gravel, rolled roofing, modified bitumen membranes, mineral surfaced roofing, concrete tiles, clay tiles, masonry tiles (flat or barrel), primed synthetic or aluminum, adobe, slate, slab, properly prepared EPDM, and various other substrates.
